At the meeting of the Maysville, Carlisle, Millersburg and Paris Traction Company last night reports were made by the committee that went East to arrange to secure money for the construction of the line. The representations are such that a meeting of all the stockholders is called to be held at Carlisle Tuesday, June 5th, at 1 o'clock to consider the propositions.

There will be a called meeting of Joseph Heiser Post, No. 13, G. A. R., in the Cox Building this evening at 7:30 for the purpose of completing details for Memorial Day. All Comrades are invited. The Committee will visit the Cemetery tomorrow morning and place markers over the graves of the departed Comrades. They will assemble in the Hall at 1:30 and proceed to Beechwood Park, where Rev. G. W. Buntin will deliver the memorial sermon at 2:30. A general invitation is extended all Orders and the public to come and worship with the Old Soldiers.

A CHANCE FOR MAYSVILLE.

The Citizens Telephone Company of Kentucky is branching out in all directions with its unequalled telephone service. Connection having been made with Bracken county and the new company building lines in Robertson county, it is now ready to give to Maysville and Mason county a service second to none in the United States, including Long Distance service. Is there any reason why the people of this city should be deprived of this service?

Mr. and Mrs. Charles Fredrick of East Fifth street are rejoicing over the arrival of an eleven pound son Thursday night.

A record-breaking crowd is looked for at the opening of "Beautiful Beechwood" Monday night, for it seems as if our people are anxious for this place to open. This year special attention will be paid to the Vaudeville Show, giving the patrons the best. For the opening week there will be "Seeker, Wilkes and Rastor," "Madelino Diston," "Carrie Bechtol" and "The Lamonts." Admission to the Park will be free, and to the vaudeville show, general admission will be 10 cents, with first six rows reserved at 20 cents.

The drought in the Bluegrass section of Kentucky is becoming serious, and experts say unless rain falls within a short time crops will be greatly damaged. Others take a more optimistic view and declare that the loss will not be great.

The Masonic Lodges of Mason, Bracken and Robertson counties will join in the celebration of St. John's Day, June 23d, at the Germantown Fairgrounds with a big dinner, picnic, speaking, music and various amusements—all for the benefit of the Old Mason's Home at Shelbyville.

The banquet by the Men's Club at the Christian Church last evening was a very enjoyable event. The time was taken up with music and short talks, and refreshments were served.

Tuesday Mrs. Thomas Brady, who lives on the Horsehoe pike, while in the act of receiving her mail at the hands of Mr. Byron Rudy, the mail carrier, was suddenly stricken and fell to the ground. She was carried to her nearby home and it was sometime before she was resuscitated. She is now able to go about with the aid of crutches.

The prayers of the righteous availeth much. The long continued drought was broken last night and since two o'clock this morning a gentle, penetrating rain has fallen. It will be worth thousands of dollars to the Mason county farmers, making good tobacco planting season.

PAIR OF SUITS

The C. and O. Made Defendant in Cases Involving \$30,000

Sallee & Slatery, as Attorneys for Mrs. Matilda Lang, Administratrix of Anthony A. Lang, deceased, on yesterday filed suit against the C. and O. Railroad Company for the sum of \$20,000 damages for having killed Anthony Lang by striking him with its train.

When Lang was struck he was riding a velocipede and the train approached him from the rear.

And still another: Edward Sterrett has filed a suit against the same company for injuries received several weeks ago near Pogue's Distillery from being struck by the switch engine and cars under the control of Engineer Donohoe.

Sterrett was at the time sitting down on the edge of the tie, having become faint, so he claims.

The train injured his arm and necessitated an amputation thereof. He alleges in his petition that the Engineer saw him in time to have prevented the injury, and sued for \$10,000 damages.

Messrs. A. B. and A. D. Cole are his Attorneys.

THE saloon-keepers of Louisville, at a meeting Thursday morning, decided to resist the Sunday closing order of Mayor BARTH, which is to go into effect tomorrow. The saloon-keepers of Louisville are bigger fools than I thought they were.

SENATOR McCREARY made some interesting and significant remarks on the subject of immigration in the Senate the other day. Among other things the Senator from Kentucky called attention to the fact that last year this country received more immigrants than came here during the first 169 years of our colonial life. He also made the remark that, at the present rate of immigration, it would require only about four generations to give this country a population as dense as that of China.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

At last some of the state officers have fallen out with some of the laws passed by Kentucky's assinine Legislature. Attorney General N. B. HAYS has issued a statement to the public regarding the manner in which the Printing Commissioners are piling up expense by giving out contracts.

It seems that the Commission has been giving the printing for teachers' registers, grade books and trustees' record books to HENRY BACON, and have advertised to let contracts for the same books for 1906, although there are enough printed up to last till the year 1910, and suit is pending against BACON for \$24,000 for money collected for contracts which General HAYS says were let illegally. He says the Board of Printing Commissioners is without power and has no authority to classify the printing other than that laid down in the law, creating the Board.

In conclusion Attorney General HAYS says the state will necessarily be compelled to get rid of the Bacon lot by lawsuit or otherwise if the contract is secured by another. The needs of the schools having been supplied till 1910, there is no necessity for printing more books.

The members of the Commission say the law requires them to let a contract for these books every year, and that they are only obeying the law.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Maysville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease! There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Maysville cures are the proof.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says:

"I value Doan's Kidney Pills as highly today as I did when I first used them in 1899. I got a box and used it for a pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until some four years later, or about a year ago. I again procured Doan's Kidney Pills at J. James Wood & Son's Drug-store and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-indorse Doan's Kidney Pills, for they are certainly worthy of recommendation."

INTEREST IN THE WHOLE FAMILY—In selecting our stock we stopped only when a most exacting taste was satisfied in styles and fabric, while the garments here and there are strengthened and fashioned by the tailor's needle where machinery has not yet caught the cunning of the hand. Neither time nor pains were spared in selecting, and in selling we will act the same. WE WILL FIT YOU—the child, the youth, the man, from infancy to old age, in a style becoming to each and in a manner pleasing to mother, sister or wife. T. WILLIAMS-PEARMAN

Writes Very Interesting Letter to the Rev. Dr. Barbour

The following letter will be interesting to all who remember the accomplished musical leader in the Ely meetings—

MOODY BIBLE INSTITUTE,
CHICAGO, ILL., May 19th, 1906.
My Dear Dr. Barbour: I owe you untold apologies for my lack of courtesy in not writing many months back. It is most gratifying to know that the memory of my delightful stay in Maysville has been kept green in such a kindly manner by the Pearman chorus.

It is not that you have been forgotten; but I presume you have heard of an old reprobate termed "the thief of time." Well, he has always been an enemy of mine, and when he has been working for any long spell he leaves a feeling of shame that is hard to overcome.

I trust the spiritual work has been as enduring as the musical side seems to have been. Then our visit to your quaint old city will not have been in vain.

I am in Chicago with prospect of being attached to the staff as one of the teachers—a general utility man to take notation classes, voice culture, lead in the Chicago Avenue Church at the midweek services, going out on special evangelistic work when the call comes for a man.

Please remember me most kindly to your family and to any friends remembering me, and at the next meeting of the Pearman chorus convey to the dear friends my hearty congratulations on their marked success.

I never before or since had the way so prepared for me. I, perhaps, was able to create some enthusiasm that kept the chorus together, but you have first and last done the work, and to you belongs the credit.

Nevertheless, I am human enough to hope that the name will remain, for it will show me one green spot that will shine like an oasis in the desert when memory reverts to those blessed days.

With heartfelt wishes, &c., &c., most truly yours,
T. WILLIAMS-PEARMAN.

Natural Gas Franchise.

JUST HOW IT WAS.

Editor Ledger: To correct a statement published in reference to the Propositions and Grievance Committee reporting a failure to agree on the Natural Gas franchise, I would like to state, as a member of that Committee, that we had three meetings; that the petition was discussed on every conceivable point; every objection that the opposition advanced was overcome; that our City Attorney assisted in writing the final petition, and gave as his opinion that it was all right in every respect, in fact, protecting Maysville's interest better than any franchise ever written for the city before. Neither of the five members present (the sixth absenting himself) offering any objection to any clause, a motion was made that the Committee recommend that Council offer for sale the franchise, and it carried without a dissenting vote. NOT POWERS, BUT KENTUCKY ON TRIAL

Collier's Weekly.

Calob Powers is soon to be tried for the fourth time, in the Courts of his own state, for the murder of Senator Goebel. So decides the United States Supreme Court, and by that decision saves the state of Kentucky from a lasting and National dishonor.

For, had the judgment been otherwise, had the Federal Court assumed jurisdiction, there would have been lost to the Bluegrass Commonwealth its saving opportunity of righting a great wrong not only to one of its citizens but to itself, by finally according to a man in jeopardy of his life the fair trial guaranteed to every citizen of the United States.

Three times Powers has been before the bar of justice, and each time the Court of Appeals has reversed his conviction. On the first and third trials—and this in a political case—the jury was drawn from the ranks of the prisoner's party opponents.

The second trial was held before a Judge who had publicly denounced Powers as guilty, at a

River News

The gage marks 7.9 and falling.

The Queen City will be up tonight for Pittsburgh and the Tacoma for Charleston.

The New South is to be dismantled and her machinery sold. Her hull has been put on the excursion steamer Princess and her hull will be used as a wharfboat.

The shaft on the J. B. Lewis, that broke recently near Vanceburg, is said to be the oldest that has been in use on any steamboat running on the Ohio river. This shaft did service on many boats, and was on the old Hawkeye. The Lewis was towed to Cincinnati for repairs, where the Frisbie Machine Company will furnish a new shaft for her.

Captain Clayton Crawford, aged 58, well known Ohio river pilot, the man at the wheel of the ill-fated steamer City of Pittsburgh, when she burned in Southern Ohio waters, about three years ago, died at his home in Huntington, W. Va., a few days ago. Captain Crawford saw all his passengers safe on shore, then jumped in the river and saved himself.

The Blood is the Life

The essential to health, beauty of form and appearance and the well-being of the individual. Impure, impoverished, vitiated or depraved blood will not permit or sustain a healthy condition of the body. By the judicious and persistent use of

McDade's Compound Extract of Sarsaparilla

the indications of impure blood disappear, the dull eye becomes radiant, the step elastic, the pallor of the complexion is replaced by glowing rosy cheeks, the languor and tired feelings of the individual vanish, the mental and physical vigor returns and all danger of a premature death is averted. How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. Sheep shearing is in progress.
Mr. and Mrs. Julius Degman were shopping in Maysville Monday.
Mr. W. H. Tully of Cottageville was a business visitor here Saturday.
Mr. P. F. Martin of Foxport visited relatives here Saturday and Sunday.
The oat crop is the one most seriously suffering from the drouth in this section.
Mr. and Mrs. A. Jenkins visited relatives in Lewis county Saturday and Sunday.
Hon. A. P. Gooding and Mr. J. M. Clift of Maysville were business visitors here Wednesday.
Mrs. J. P. Nash of Maysville spent a few days with her sister, Mrs. F. P. Tully, of Cottageville, who remains seriously ill.
Mr. Luttrell, accompanied by two of the county's Magistrates, was here recently looking after the betterment of the turnpikes.
Mr. James Gault is one of the early Home-Comers from Carson Valley, Nev. He spent two days the past week visiting his cousin, Mr. C. C. Degman, here.
Tobacco plants in many beds are dying. Those farmers, however, who persistently and patiently water the beds report fine plants ready for setting.
Mr. C. C. Degman and assistants finished grading the driveway leading from the pike into Bethany Cemetery Tuesday. It is now ready for the gravel, which will be put on, presumably, in the near future.

Mr. James Ganit will return to Nevada in a few days to join his brothers, Gordon and Jack. All of them have good positions with a United States surveying corps.

Mr. Elmer D. Ganit, who spent last summer here, then went to Poughkeepsie, N. Y., where he entered college for a business course, is doing well and will remain another year and take a more thorough course, after which he will join his brothers in the far West, where business looms and good opportunities for the right kind of young men are plentiful.

Messrs. Hampton and Carr, in company with several other farmers from Lewis county, obeying an old time custom that "having finished planting corn we will a-fishing go," came down to the clear, deep pools of our classic Cabin Creek on Saturday last, spending the day and far into the night. We are sorry to say the catch was not such a one as we would like to report.

MORANSBURG.

Mr. Jack Madden continues quite ill.
The seventeen year locusts are getting quite plentiful.
Mr. and Mrs. N. Richardson visited their son, Joseph A., at Pisgah, O., last week.
Mrs. John O'Neil of Minerva visited her sister, Mrs. Dan Conlon, on Jersey Ridge last week.
The continued dry weather has given the farmers the blues. They have come to a stand-

still, the ground being so hard it cannot be gotten in any condition. Tobacco plants are very scarce with; some others have sufficient should rain fall soon. Gardens are doing no good; wheat getting yellow.

The sad accident which happened to Mr. Glenn Marsh and Miss Grace Moran Sunday evening has cast a gloom over the minds and hearts of the community owing to the continued serious condition of Miss Grace, who remains in about the same condition. Mr. Glenn Marsh is getting along very well. His right arm was broken in two places, above and below the elbow, and he was somewhat bruised on the side also.

Will Muir, the Lexington auto driver, was fined \$100 for his record-breaking trip through Versailles with Barney Oldfield last Sunday.
